THE COMPACT DIGITAL MIXER REVOLUTION BY PROEL:

**INNOVATION AND PRACTICALITY AT THE
SERVICE OF SOUND.**

With **DIGIPAD 8**, Proel introduces a **groundbreaking solution** in its segment, designed to provide users with an intuitive yet professional mixing experience, without compromising on convenience and portability. This **compact mixer** combines the power of digital technology with a **user-friendly interface**, perfectly suited both for experienced professionals and those taking their first steps into the world of digital mixing.

YOUR SOUND ONE TOUCH AWAY

FEATURES THAT MAKE THE DIFFERENCE

DIGIPAD 8 stands out for its perfect balance of versatility and ease of use. The **7 motorized faders** ensure fast and precise control, with the ability to instantly recall saved scenes – speeding up every operation, even in the most challenging live situations.

Designed for **stand-alone operation**, DIGIPAD 8 allows you to manage all functions directly from the **touchscreen display**, while also offering full remote control from your smartphone or tablet thanks to the **dedicated Android and iOS app**.

The integration of combo MIC/LINE inputs and stereo inputs offers a wide range of connection options for microphones, instruments, and external audio sources.

With two independent auxiliary sends (pre or post fader) plus one dedicated FX send, **DIGIPAD 8 easily adapts to any setup** – from stage performances to studio recordings.

ADVANCED CONNECTIVITY AND CONTROL

For seamless integration with your recording or streaming software, the **48 kHz USB audio interface** guarantees high-definition playback and recording. The dedicated **Bluetooth channels** allow wireless audio streaming, making it ideal for live sessions and instant playback. The large touchscreen display makes navigation across mixer parameters immediate and intuitive, while the **built-in memory** allows you to save and recall your favorite scenes in seconds – ensuring a smooth, personalized workflow tailored to your needs.

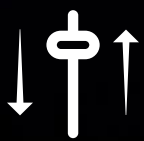

WHY DIGIPAD 8 IS THE RIGHT CHOICE FOR YOU

Whether you are a performing musician, a live sound technician, or setting up a reliable installation, **DIGIPAD 8 combines advanced features, portability, and ease of use in one compact console.** It is the ideal solution for those who want a professional digital mixer with powerful automation, stand-alone operation, and expanded control via the mobile app.
